Inscape Data & Nationwide Security Cameras Announce Strategic Distribution Partnership

Milpitas, CA (December 10, 2007) Inscape Data Corporation, an innovative developer of the AirGoggle™ line of network Video Surveillance products and the AirEther™ line of outdoor IEEE 802.11a/b/g Wireless Systems, announced today that it has formed an alliance with Nationwide Security Camera of Riverside, CA., for the distribution of its wireless and video surveillance product lines. Inscape Data is excited to have Nationwide Security Camera join its North American distribution channel.

Nationwide Security Cameras is a highly dynamic valued-added distributor of video surveillance and other electronic components, encompassing a strong nationwide customer base. Inscape Data and Nationwide Security Camera have recently finalized their Strategic Distribution Agreement to introduce this important distribution partnership for North America. David D. Lin, President of Inscape Data says, "I am extremely pleased with this relationship. Nationwide Security Camera has a prominent reputation for distributing the highest quality networking video surveillance products. With their nationwide distribution and strong technical support capabilities, they are well placed to present and sell high volumes of our products to their broad customer base. I am confident that our growing relationship with Nationwide Security Camera will yield long-term benefits to both our companies and the market."

With this Strategic Distribution Agreement, Nationwide Security Cameras will gain an innovative, cost-effective and high quality source of supplies for its wireless and IP video security systems and IP video accessories. Inscape Data will provide Nationwide Security Cameras with essential product training, engineering support, technology updates, new product samples, and joint marketing campaigns. Mark Rosenfeld, President of Nationwide Security Camera notes, "We are extremely impressed by the quality, features, and price competitiveness of Inscape Data" referring to the AirEther™ and AirGoggle™ lines of wireless communication and IP video security products. Nationwide Security Camera is eager to present these products to it's customers as they have seen increasing demands from the market for these types of products. The

AirGoggle™ line of network video security products is a great addition to the Nationwide Security Camera distribution portfolio.

About Inscape Data Corporation

Inscape Data is the expert in wireless and IP video security systems. The company offers a full suite of product lines, including their AirEther™ IEEE 802.11a/b/g Long Range Wireless Systems with IP67 and IP68 certified all-weather enclosures, a broad selection of 2.4GHz and 5GHz antennas, and their AirGoggle™ IP Video Security Systems based on MPEG-4 video compression standards.

The company was founded on a culture of business excellence, extensive technology experience, and product innovation. With strong, dependable, and proven manufacturing capabilities in Taiwan, Inscape Data is committed to delivering cutting-edge products that provide differentiated value to its customers and partners worldwide.
